Thank you from Melinda Whitehead...

Thank you for your kindness, generosity, and hard work you did for my wheelchair fundraiser. A wheelchair means a great deal to a high functioning tetraplegic, which is a fancier term for a quadriplegic. My wheelchair is the way I function for at least 12 hours everyday . I just got a letter this week from my insurance company approving the basic wheelchair. But through your generosity, adding additional features will give me a much better quality of life that promotes better health and independence (including sewing). For all of this, I thank you and love you for the gift you have given me.

God bless you all,
Melinda Whitehead
