New Worship Series: Sacred Earth, Sacred Worth

When God began to create the heavens and the earth— the earth was without shape or form... and God’s wind swept over the waters... God saw everything God had made: it was supremely good. What if we lived life truly connected to the origins of Creation and the Creator? In the beginning God created all things and called them originally “good.” In this series we will explore six essential ideas found in Creation Spirituality—a way of living within the community of earth that deepens our reverence for life, participates in the creativity of the cosmos, and develops our passion for justice and human transformation. It compels us to lead lives of spiritual inquiry, creativity, and prophetic action as our sacred work in the world.

**Midway Christian Church
invited to join
One Home, One Faith initiative
through Blessed Tomorrow**

One Home One Future is a multifaith campaign to strengthen vitality, relevance, and community connection across generations in local congregations nationwide. It is a coalition effort of American faith denominations and organizations working for visible and collective climate action by faith leaders to educate, activate, and empower clergy, congregants, youth, and all spiritual people – including but importantly progressing beyond the climate activists – in meaningful and just climate solutions at the local, regional and national level in ways that are accessible, positive and empowering.

Midway Christian Church will receive free congregational toolkit with a banner to hang in front of our house of worship and access to training and guides, library of worship and educational resources, inspirational action sheets, webinars and webcasts, retreat resources, mentoring, programming opportunities, and events and online community of practice to connect and collaborate within and across faith traditions.
